INFORMATION DISCLOSURE STATEMENT

Assistant Commissioner
For Patents
Washington, D.C. 20231

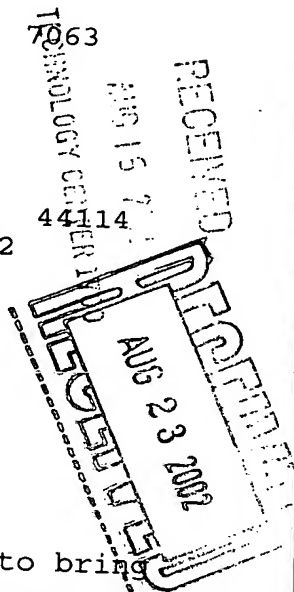

Dear Sir:

At this time, the applicants would like to bring the enclosed July 12, 2002 International Search Report and cited references from the European Patent Office in connection with the corresponding PCT application to the Examiner's attention. It might be noted that although the European Searcher has cited several patents in the "X" category, the references do not meet the recited claim limitations of claim 1 or any claim. The applicants are enclosing a copy of the Search Report, a copy of each cited reference, and a PTO-1449 form for the Examiner's convenience. An early indication that these references have been considered is requested.

No Office Action on the merits has yet been received in connection with this application.

37 CFR 1.97(e) (1) Statement

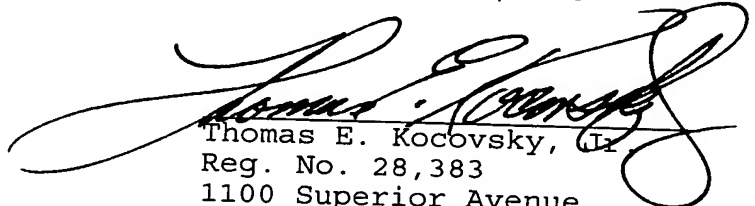

Each item of information contained in this Information Disclosure Statement was first cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this Information Disclosure Statement.

An early indication that these references have been considered and an allowance of all claims is earnestly solicited.

Respectfully submitted,

FAY, SHARPE, FAGAN,
